

# CAC Meeting Agenda

Meeting # 5

June 18, 2007 (6:30 pm – 8:30 pm)

## Agenda

### 1. Introduction and Agenda Overview (5 minutes)

---

Introduce two new committee members.

### 2. Refining Future Land Use Plan and Policies (1 hour 50 minutes)

---

- a) **Goals and Policies Discussion.** Targeted discussion of the additional sustainability goals drafted for inclusion in the April 2007 draft Goals and Policies document and the proposed countywide resource protection standards. In the interest of time, we will not be re-reviewing the entire goals and policies document. The revised version of this document will be revisited at the next CAC meeting.
  
- b) **Land Use Choices.** This item is a follow-up to our discussion in April about the land use scenarios, and the need to focus on choices for specific areas of the County. We will systematically move through each area to determine the committee's suggestions for each area. If there is a minority opinion, we will note this along with the reasons for dissent, to be forwarded on to the Planning Commission and Board. The objective at the end of this CAC meeting is to be able to move forward with sufficient direction to prepare Draft Preferred Future Land Use Plan and refine the Goals and Policies document.

Please thoroughly review the "CAC Workbook for June 18 Meeting" prior to the meeting. This document presents the main land use and policy choices by area for the entire County. Discussion of this paper and direction on the choices it presents will constitute the main business item of the meeting.

### 3. Public Comment (5 minutes)

---

Members of the public will have a few minutes to reflect on the evening's discussion if needed.
